### PROFESIONAL PROFILE

**Accomplished Web Developer** who likes to create clean and elegant solutions with a focus on the user experience. Having a Computer Science degree he has worked across industries with designers and team members to create beautiful web experiences and eradicate complexities.

### WORK EXPERIENCE

**Web Android Developer** 2011 - Present  
*rustybrick.com, Full-Time*

Lead Developer on ShulCloud.com

In this role, Mordy worked on a one-stop-shop for synagogues to create their front facing website, their accounts receivable billing, generate their schedules, send out mailings and emails and tracking members special events'. The aforementioned list is the abridged version, the site uses PHP and MySQL slathered with a helping of jQuery for the UIs.

**Freelance Web Developer** 2008 - 2010  
*Self-Employed, Full-Time*

Mordy worked with clients of all sizes, helping them build their web presence and the back-end to make it run seamlessly. He also worked in the banking sector building connectors to custom web payment gateways, and in the service sector building a web application to run the repairs division of a global wholesaler.

**Web Developer** 2009 - 2010  
*chabad.org, Full-Time*

Worked to implement features on the front-end and back-end of an existing ASP Classic codebase. During this time he became exceedingly familiar with the nuances of JS and IE.
